

Wild Animals and Settlers on the Great Plains (Hardback)

Filesize: 7.62 MB

Reviews

An extremely wonderful pdf with lucid and perfect explanations. I could possibly comprehend every little thing out of this created e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Janie Wilkinson)

WILD ANIMALS AND SETTLERS ON THE GREAT PLAINS (HARDBACK)

University of Oklahoma Press, United States, 1995. Hardback. Book Condition: New. New.. 222 x 146 mm. Language: English . Brand New Book. This unique history chronicles reciprocal relations between settlers and the native fauna of Kansas from the end of the Civil War until 1880. While including the development of early-day conservation and game laws, zoologist Eugene D. Fleharty tells of wanton wastefulness on the frontier, but also curiosity, concern, and creativity on the part of individual settlers, who hunted and fished for food and recreation or simply wondered at the animals antics.Using only primary accounts from newspapers and diaries, Fleharty vividly portrays frontier life before such species as the bison, beaver, antelope, bear, mountain lion, gray wolf, rattlesnake, and black-footed ferret were more or less extirpated by steel plows, reapers, barbed wire, and firearms. As the author shows the impact of civilization on the prairie ecosystem, readers will share in the lives of the early settlers, experiencing their successes and hardships much as their neighbors did.This historical account of a typical plains state s ecology during the traumatic homesteading era will interest professionals concerned with biodiversity and global warming as well as frontier-history buffs.
