THE MICROPROCESSOR

Book Condition: New. Publisher/Verlag: Springer, Berlin | A Biography | Despite being an intimate part of our lives, most of us know almost nothing about the "computer on a chip". As a result, we are constantly making crucial business, political and personal decisions based on the future of the microprocessor, while intellectually standing in the dark. If we can understand how the microprocessor came into being, the state it is in today and where its future lies, we can learn...
