Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.How to use the Coloring Book of Love. This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they re anything but. Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ. So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride! We hope to give the designer (you) a very introspective and mind expanding experience. To help you bring your full art and color to life, we ve left the outlines slightly gray instead of harsh black. Your ideas and the beauty you create are more important than the original designs. This is for you! MARKER NOTE: If you feel like using markers, we suggest Staedtler Triplus Fineline marker pens. They re easy to use and are very good when it comes to bleeding issues. We ve chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper.
