PRE-MARITAL PREPARATIONS AND ATTITUDES TOWARDS MARRIAGE

LAP Lambert Academic Publishing Okt 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x3 mm. This item is printed on demand - Print on Demand Neuware - The study investigated the influence of pre-marital preparations on attitudes towards marriage. Major findings indicates that there is a strong relationship between taboo related to marriage and sex. It is therefore recommended that existing structures in the religious, social and political settings be used as platforms to address family challenges. It is possible to have counselors at local council (LC) and sub-parish levels. And it is also possible that church leadership makes a followup of the sacraments and teachings administered to its members by organizing workshops, meetings, group discussions and team works periodically in a year. The cultural ministers in charge of marriage welfare and the religious bodies should see to it that there is regular evaluation of the marriage life of the young people who have already committed themselves into the life for the sake of its sustainability. 56 pp. Englisch.
